

# WOMEN <sup>IN</sup> INDUSTRY

2025

## WIID 2025 Call for Speakers

On May 9, 2025, Charleston Women in Tech, in collaboration with the Lowcountry chapter of the Society of Women Engineers, will present the Women in Industry Day Conference at Trident Technical College. Now in its seventh year, this event aims to connect professional women from diverse industries throughout the Lowcountry, including manufacturing, infrastructure, software, medical, and facilities sectors. The conference seeks to support participants in their personal and professional development.

## Trailblazers: Women Leading the Way

Who can offer fresh insights, the latest trends, and best practices on various subjects for professional women in every industry? Potential topics may include:

- Advancing to the C-Suite
- Career navigation
- Seeking mentors and being an effective mentor
- Personal branding – marketing yourself, social media, or your company
- Achieving work/life balance and well-being
- Overcoming Imposter Syndrome
- STEM Outreach Initiatives
- Female-centric company benefits

FOR CONSIDERATION AS A SPEAKER OR PANELIST,  
PLEASE APPLY [HERE](#) BY NOVEMBER 22, 2024

Note: WIID is a volunteer led organization with a focus towards giving back to the community.  
There is no compensation nor travel costs provided for speakers.
